- ◆ Wood and ironworking

DAVID PAPP

IT INTERN

EXPERIENCE

Current

Kitchen assist, Fratelli Pizza

As leader kitchen assistant I am responsible for keeping the orders on time. I calculate the time it takes to prepare the meals on incoming orders (can be 30-40/hour).

2018 – 2019

Sourcing intern, Rexel Hungary

As an IT intern I was responsible for operating the database of a company of 50 people. Among other things I updated the items in the webshop, I was in contact with suppliers daily.

2016 – 2017

Volunteer, Pivar Ignac Special School

I became a part of an 8th grade special class, I gave lectures in history and assisted the teacher and the students in everyday life.

EDUCATION

Multimedia Design

Business Academy Aarhus

Enginer IT Specialist

Óbuda University

High School Diploma, 06/2018

Steiner's Waldorf School of Fót

SKILLS

ABOUT ME

I'm David, 22 years old from Hungary. I am a passionate student of Multimedia Design at Business Academy Aarhus. I moved to Denmark from Hungary in 2019 to join my interests in the IT and design areas.

I'm innovative and confident in my work. I consider creative problem solving and effective project management to be my greatest strengths. In my working process I operate efficiently with foreseeable and unexpected factors as well.

I enjoy the most when I successfully finish a product and can see result of my work. This is related to my hobby, which is making decorations and unique furnitures from wood and iron based on my own designs ([link](#) to my woodwork projects).

I regard myself joyful and free spirited, but when I'm working on a project I'm perfecting every detail until I find it satisfactory. I'm self sufficient, but prefer to work in a dynamic group environment.
